AMENDMENT UNDER 37 C.F.R. § 1.115

Assistant Commissioner of Patents  
Washington, DC 20231

Sir:

This is in response to the Office Action dated March 14, 1996. A Petition is being filed concurrently herewith, extending the period for response to the Office Action of March 14, 1996 from June 14, 1996 to August 14, 1996. Please amend the above-identified application as follows:

IN THE CLAIMS:

Please amend claim 1 as follows:

1. (Amended) An internal latent image type direct positive photographic silver halide emulsion comprising tabular silver halide grains having an average grain diameter of not less than 0.3  $\mu\text{m}$  and an aspect ratio of from not less than 2 to not more than 100 in an amount of not less than 50% of all silver halide grains as calculated in terms of area[,]; wherein said tabular silver halide grains are core/shell type grains, the average grain thickness a
